### **What is a consent agenda?**

A consent agenda groups the routine, procedural, informational, and self-explanatory non-controversial items typically found in an agenda. These items are then presented to the board in a single motion for an up or down vote after allowing anyone to request that a specific item be moved to the full agenda for individual attention. Other items, particularly those requiring strategic thought, decision making or action, are handled as usual.

**Why would an organization want to use a consent agenda?** Consent agendas are popular with many organizations because they help streamline meetings and allow the focus to be on substantive issues.

### **What does it mean if we adopt a consent agenda?**

- Documentation for consent items must be provided to the board prior to meetings so that directors feel confident that their vote reflects attention to their duty of care.
- Board members are encouraged to ask prior to the meeting all the questions that they want related to consent agenda items.
- If it is determined that an item on the consent portion of the agenda actually requires action or a decision that item should be removed from the consent portion of the agenda and raised later in the meeting.
- Any board member can request that an item be moved to the full agenda.

- A vote on the single motion applies to all the items on the consent portion of the agenda.

In celebration and recognition of our Board of Education a presentation for School Board Appreciation Month will be given.
- 5.2 Employee of the Month  
Congratulations to Katlin Moore for being selected as employee of the month for January. Katlin works as a 5th grade teacher as a member of our amazing Childs Elementary team. Mrs. Aldridge, Michael Hotchkiss and Puja Mullins all collaborated on a nomination for Katlin. Puja writes, "Our students have loved being in her space, and respond to her high expectations, knowing that she will always support them with exactly what they need! She also goes above and beyond to support her colleagues, and somehow carves out the time to represent teachers' voices at meetings, plan social get-togethers to keep our spirits high, and recruit folks to participate in the monthly CASEL activities that students plan with her support." Katlin, on behalf of our entire LCS community, thank you for being you and all that you do for our school family. Katlin will be recognized at the January 23 School Board meeting.

Board of Education Public Comment Statement

This is the time set aside by the Board to hear from you, the members of our community. We invite you to address the Board with comments, questions or concerns regarding board actions, policies, or other issues not resolved through appropriate administrative channels. The Board may not immediately respond to concerns presented at this meeting; however, we will respond to inquiries on or before the next board meeting.

Please sign in completing your contact information. Limit individual comments to 5 minutes or less. Comments with respect to the performance of specific district employees are not appropriate during public comment.

---

### Rules for Public Comment:

1. The Board of Education reserves the right to limit the total public comment to 30 minutes in any meeting.
2. The Board of Education will limit each speaker to one opportunity to speak during any public comment period.
3. The Board of Education President, or the President's delegee (such as the Superintendent or another District administrator) will respond to your comment.
4. The Presiding officer may: A) prohibit public comments which are frivolous, repetitive, or harassing; B) interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant; C) request any individual to leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct of the meeting; D) request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting, and; E) call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action.

## **9.0 CONSENT AGENDA**

- 9.1 Minutes of Previous Meeting
  - 9.1.1 Regular Meeting December 12, 2022
  - 9.1.2 Organizational Meeting January 9, 2023  
Enclosed are the minutes of the December 12, 2022, Regular Meeting and January 9, 2023, Organizational Meeting as presented.

9.2 Student Trips

9.2.1 High School Band Camp

The camp we utilized last year could not accommodate our schedule of dates this year. I called almost 18 camps within a 3 hour radius and found 1 that could accommodate our group, YMCA Kimball Camp is the chosen venue this year and hopefully years beyond. I did take a tour of the facility early this fall. The facilities are in great condition with plenty of amenities for our group including high ropes, lake, climbing wall, and sports area in addition to the other areas needed to run camp. This camp is lower in cost compared to YMCA Sherman Lake. Board action is requested.

9.2.2 High School Band Cincinnati Trip

Traveling provides real world experience for our students to explore other geographical areas. Traveling allows students to navigate time management skills with the itinerary, exploring living with their peers, and conducting themselves appropriately away from school. Board action is requested.

9.3 December 2022 Finance

Enclosed are the December 2022, Financial Reports. The Superintendent recommends approval as presented.

9.4 December 2022 Check Register

Enclosed is the December 1-31, 2022, check register in the amount of \$1,565,958.39. The Superintendent recommends approval as presented.

9.5 December 2022 Trust and Agency

Enclosed is the December 2022, Trust & Agency Report. The Superintendent recommends approval as presented.

10.2 Student Trip

10.2.1 Bishop-5<sup>th</sup> Grade Camp

Bishop Elementary Upper House Outdoor Education Camp - The UH Teachers at Bishop are planning to return to Camp Storer in Jackson, MI in the spring of 2023 from April 4th - 6th. The UH Teachers would like to take the UH students to Camp Storer for a 3 day/2 night Outdoor Adventure camp experience from Tuesday, April 4th - Thursday, April 6th, 2023. The outdoor and adventure education experience includes day programs, evening programs, catered meals, and overnight stays in modern lodges with bunk rooms. Adventure Education offers opportunities for the students to participate in several of the following activities: Soar through

the trees on our zip lines. Climb to new heights on our outdoor climbing tower. Navigate mid-air obstacles on our high ropes courses. What better way to connect to nature than to be right in the trees! The students and staff will be able to challenge themselves and create memories that will last a lifetime. This was presented for information only; Board action will be requested at a subsequent meeting.

10.2.2 Brick-5<sup>th</sup> Grade Camp

The Storer Outdoor School is a hands-on total immersion learning center serving more than 120 elementary and middle schools each year. "The Great Outdoors" makes science and related curriculum come alive, and significantly more relevant, for each student. Each year, more than 9,000 students and teachers spend 3-5 days and nights on-site at our Outdoor School. Storer's staff of educators offers more than 30 courses that teach natural sciences, environmental issues, cultural history, and team building through active participation. The importance of outdoor experiences reported in independent studies that show OEE programs raise science scores by as much as 27% and that OEE programs have a positive effect on student achievement in general. In addition, studies show that outdoor educational experiences positively impact student behavior and interaction with peers as shown through improved conflict resolution skills. The results are measurable and significant. This was presented for information only; Board action will be requested at a subsequent meeting.

10.3 Board of Education Committee Meeting Schedule

The Superintendent and Committee Chairs recommend approval as presented.

**RECOMMENDED MOTION: I move that we approve the Board of Education Committee Meeting Schedule for 2023 as presented.**

10.4 Washtenaw County Sheriff Contract Addendum

Please see the attached documents. This was presented for information only; Board action will be requested at a subsequent meeting.

10.5 Meal Magic Proposal

Food Service Director, Zach Roberts sat down with Crystal Hall from meal magic and she ran through a demo of meal magic and their program.

He was pleased to see the ease of navigating Meal Magic. The program offers a much more user-friendly experience on both the service side and the back office side. The customer service and training that meal magic offers is much more superior to the current system.

Another huge improvement that Meal Magic offers is the parent portal. Meal Magics parent portal is much more efficient for filling out Free and Reduced Applications as well as Home Income Reports. The process is much more user friendly for parents and with that it should allow us to capture more HIR's, and faster!

The proposal total is \$6,694.00. \$1995 for meal magic Cloud Administration, \$3900 for Meal Magic Cloud Sales Register, and \$799 for Meal Magic University (a one time fee to set up computers and do an onboarding for system administrators). The annual cost of Meal Magic will be \$5,895. This was presented for information only; Board action will be requested at a subsequent meeting.

10.6 High School Course Proposals Exploration of Science and 9<sup>th</sup> Grade Fitness & Health

Explorations in Data Science, this course will introduce students to the main ideas in data science through tools such as Google Sheets, Python, Data Commons and Tableau. Students will engage in project-based units in order to develop their understanding of data analysis, sampling, correlation/causation, bias and uncertainty, probability, modeling with data, making and evaluating data-based arguments, and other data applications there is already a Forensic Science I course and there are students interested in continuing this study of science.

Explorations in Data Science:

- This course is designed to provide an additional senior math course option and could be paired with the financial literacy course that will be a requirement for graduation
- The course would start the 23-24 school year pending interests, staffing, etc..
- Course is a semester long course for seniors that have completed Algebra 2 or are taking it concurrently
- No additional FTE is needed at this time
- There is no cost for this course. We already have the existing hardware and software to run it

9th grade Fitness, this course will be taught in the classroom and the gymnasium and/or weight room throughout two terms. This course is a combination of fitness and health concepts into one integrated class. Health curriculum will be taught in the classroom setting and will include: Career Planning, CPR, Human Sexuality, Goal Setting/Decision Making, Substance Abuse, and Nutrition along with other health related concepts. Students will participate in fitness activities in the gymnasium, including cardiovascular exercises, strength training, and sport activities.

9th Grade Fitness and Health:

- The purpose of high school PE is to teach the necessary skills needed in order to maintain a healthy lifestyle. By combining and teaching the correct ways in moving our bodies and the health concepts related to it, our students will be better educated and skilled when performing basic physical activity. PE will no longer be a sport specific class, but a shift to lifetime fitness, strength and speed, and agility flexibility development. The point of this course is to emphasize the importance of physical activity and health. Making this a Freshman class will validate the importance of health and why it needs to start their Freshman year.
- The course would start the 23-24 school year pending interests, staffing, etc..
- Course is a year long course for freshman
- One additional FTE is needed at this time
- There is no cost for this course with the exception of the additional FTE

This was presented for information only; Board action will be requested at a subsequent meeting.

## 11.0 OLD BUSINESS

### 11.1 Budget Amendment 2022-2023

#### **Revenue**

##### Property taxes

- Change due to increased property tax value from May of 2022 to November 2022

##### State sources

- Change due to increase of UAAL and state grants (31aa and Security). There was also a decrease of At-risk budgeted expenditures, therefore a decrease in At-risk revenues

##### Federal sources

- Decrease due to ESSER II being exhausted in the prior year

##### Inter-district sources

- Act 18 and Medicaid revenue both came in higher than budgeted

#### **Expenditures**

##### Payroll Related Changes -

- Main change is an increase of UAAL costs (passed through the State of Michigan to ORS) of \$419,000
- District currently carries roughly \$700k of vacant positions. As the year goes on and if these positions are not filled, we will continue to decrease this number

##### Non-payroll Changes

- \$372,000 for the security infrastructure grant
- \$372,000 for 31aa per pupil mental health grant
- \$60,000 for general maintenance increases
- \$20,000 for HVAC maintenance in the high school
- \$20,000 increase for major repairs
- \$184,000 for projects in buildings and around the District
- \$132,000 for gas and electric utility increases

- \$(136,000) of buses not being paid for in the current year
- \$167,000 increase for cabbing costs
- \$112,000 for contracted/purchased/software for HR (Broadspire), Tech (Microsoft, Fiber network, Anti-virus software), BOE (Battel for kids, IEI)

#### 11.2 Lincoln Athletic Building Exercise Equipment & Bleachers

Two bleacher quotes are attached. This quote is to replace bleachers in the LAB with portable bleachers (these can be tipped up and wheeled around).

The LAB originally had ten sets of bleachers, eight of which were repurposed outside to provide seating at baseball and softball that was not included in bond funds as those dollars got tight. We can move those sets inside and outside by season, but this is a great time to purchase a better answer for the indoor facility by adding the additional bleachers that can be moved easily as events demand.

The quotes are for ten bleachers, to bring the total in the LAB to 12, allowing us to remedy some of the event issues at track meets by moving additional seating to the event areas.

Recommendation from Athletic Department is the less expensive quote from The Park.

As we've talked about, we've had a disaster of an experience keeping the NordicTrack treadmills and ellipticals functioning. They had a very limited warranty and have failed repeatedly. We had a SE Michigan vendor coming into repair, and now he's telling us that he can't get parts to keep them functional. We haven't had any issues with any of the weight equipment or the mirrored workout stations, but the treadmills, bikes, and ellipticals have been a mess.

Replacement quotes for commercial grade equipment is attached. Four tiers. All include similar equipment.

Full Commercial A - \$42,262.50  
Health club grade equipment - best warranty

Full Commercial B - \$30,099.64  
Step down from the 24 hour health club equipment - Good warranty (10 years frame, 3 years everything else)

Light Commercial A - \$22,271.01  
Value brand - Lesser warranty (10 years frame, 2 years everything else)

Light Commercial B - \$20,365.28  
Very similar to Light Commercial A - Different brand

My advice is to spend the \$30k number and go with the Full Commercial B group. Looks like the best value - by all accounts with this equipment we get 8-10 years of function with minor upkeep.

We may need to talk about a second order in a year or two to keep the workout room attractive to members. We had over \$50k in membership revenue last year, and that number will slip if the room isn't fully functional.

Board action is requested.

**RECOMMENDED MOTION: I move that we approve Lincoln Athletic Building Exercise Equipment & Bleachers and award The Park's quote in the amount of \$34,444.70 to purchase the bleachers and approve Full Commercial B equipment in the amount of \$30,099.64**

## 12.0 CLOSED SESSION

### 12.1 Attorney Client Privilege

It will be necessary to enter closed session to discuss the Attorney Client Privilege, not to return to open session.

A roll call vote will be necessary.

**RECOMMENDED MOTION: Pursuant to Sections 8(e) of the Attorney Client Privilege, I move that we enter closed session to discuss the Superintendent Evaluation, not to return to open session.**

**13.0 ADJOURNMENT**

Lincoln Consolidated Schools  
7425 Willis Rd  
Ypsilanti MI 48197

Dear, Lincoln Consolidated School Board Members

## Department Updates

- Happy Board Appreciation Month!
  - Thank you for your continued devotion to our students, staff, and community.
  - It is clear to me that your hard work and dedication to this school district is making an impact.
- We have successfully opened the West Cafeteria at the high school for the first time in YEARS!
  - Thanks to some good planning and preparation by our team the first couple of weeks have been great.
  - As of now we serve 3 stations in the West Cafeteria (Grill, On-The-Go, and Pizza) as well as A la Carte options, but we are looking to expand this in the near future.
  - Our next goal is to begin a taco/nacho bar for the students daily in the West Cafeteria.
  - As of now we serve roughly 125-150 students in the West Cafeteria daily!
  - As of now we have not seen a huge increase in the participation of students. We are still serving around 500 students a day between both cafeterias.
  - We have seen an increase in adult meals and A la carte sales within the first full week of operation
    - About a 25% increase in adult meals and a 17% increase in A la carte.
  - Big thank you to Phill and his team for helping us with equipment and custodial needs as we prepared to open the kitchen over the last couple of months.
  - It is so great to see some life in that cafeteria and kitchen.
  - I encourage all board members to stop by for lunch and check out either of our high school cafeterias!

  - b. Committees-Jennifer Czachorski is in the process of researching the four official Board of Education Committees and defining their need, their responsibilities, their definition and posting to the website each Board Committee's duties.

6. Superintendent Updates
  - a. Juul lawsuit-Adam Blaylock explained the upcoming Juul settlement. . In order to settle, the Board of Education will need to take action approving and executing the terms of the settlement before April 3, 2023. At this time, we expect the attorneys to provide a packet of information for the Board to consider. Once the packet is finalized, we will provide a copy to our Board of Education. We may request the Board of Education to consider approval of this packet on one read because of the April 3, 2023 deadline and the limited. Mrs. Czachorski suggested we add the agenda item to the first meeting in February 13, 2023 and for Board approval March 14, 2023 if possible
  - b. Washtenaw Sheriff Contract=Mr Jansen has been in contact regularly with the Washtenaw County Sheriff to finalize our contract and to understand the 4% raise in pricing this year and for the next additional three years. The contract and terms will be on the Board agenda, first read, January 23, 2023
  - c. Strategic Plan Update-Great turn out of 64 people that attended. Next meeting is scheduled for February 16, 2023
7. Other-no additional agenda items.

6.1 Employee of the Month

Congratulations to Jason Fredenburg, Transportation Dispatcher, who was nominated for LCS employee of the month for December. Along with Bob Merritt, several members of the transportation family nominated him. Jason joined us almost one year ago and has been a great addition to our LCS Family. His calm, positive and caring demeanor has been such a wonderful addition to our transportation department. During the national critical shortage of drivers, Jason has been able to find creative and innovative ideas and solutions to many of our shortages and challenges. He problem solves solutions to big issues on a daily basis. Jason, on behalf of the entire LCS Family, thank you for all that you do for us. Jason will be recognized at Monday's school board meeting.

#### Rules for Public Comment:

1. The Board of Education reserves the right to limit the total public comment to 30 minutes in any meeting
  2. The Board of Education will limit each speaker to one opportunity to speak during any public comment period
  3. The Board of Education President, or the President's delegee (such as the Superintendent or another District administrator) will respond to your comment
  4. The Presiding officer may: A) prohibit public comments which are frivolous, repetitive, or harassing; B) interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, obscene, or irrelevant; C) request any individual to leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct of the meeting; D) request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting, and; E) call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action.
- Latricia Barden addressed the Board with her concerns in relation to her Middle School student.

## 10.0 NEW BUSINESS

### 10.1 Student Trip

#### 10.1.1 High School Band Camp

The camp we utilized last year could not accommodate our schedule of dates this year. I called almost 18 camps within a 3 hour radius and found 1 that could accommodate our group, YMCA Kimball Camp is the chosen venue this year and hopefully years beyond. I did take a tour of the facility early this fall. The facilities are in great condition with plenty of amenities for our group including high ropes, lake, climbing wall, and sports area in addition to the other areas needed to run camp. This camp is lower in cost compared to YMCA Sherman Lake. This was presented for information only; Board action will be requested at a subsequent meeting.

#### 10.1.2 High School Band Cincinnati Trip

Traveling provides real world experience for our students to explore other geographical areas. Traveling allows students to navigate time management skills with the itinerary, exploring living

with their peers, and conducting themselves appropriately away from school. This was presented for information only; Board action will be requested at a subsequent meeting.

10.2 Budget Amendment 2022-2023

**Revenue**

Property taxes

- Change due to increased property tax value from May of 2022 to November 2022

State sources

- Change due to increase of UAAL and state grants (31aa and Security). There was also a decrease of At-risk budgeted expenditures, therefore a decrease in At-risk revenues

Federal sources

- Decrease due to ESSER II being exhausted in the prior year

Inter-district sources

- Act 18 and Medicaid revenue both came in higher than budgeted

**Expenditures**

Payroll Related Changes-

- Main change is an increase of UAAL costs (passed through the State of Michigan to ORS) of \$419,000
- District currently carries roughly \$700k of vacant positions. As the year goes on and if these positions are not filled, we will continue to decrease this number

Non-payroll Changes

- \$372,000 for the security infrastructure grant
- \$372,000 for 31aa per pupil mental health grant
- \$60,000 for general maintenance increases
- \$20,000 for HVAC maintenance in the high school
- \$20,000 increase for major repairs
- \$184,000 for projects in buildings and around the District
- \$132,000 for gas and electric utility increases
- \$(136,000) of buses not being paid for in the current year
- \$167,000 increase for cabbing costs
- \$112,000 for contracted/purchased/software for HR (Broadspire), Tech (Microsoft, Fiber network, Anti-virus software), BOE (Battel for kids, IEI)

This was presented for information only; Board action will be requested at a subsequent meeting.

10.3 Organizational Meeting Date

A motion is requested Monday evening to schedule the Organizational Meeting for Monday, January 9, 2023, at 6:00 pm.

It was moved by LaBombarbe and seconded by Sparks that we schedule the Board Organizational Meeting for Monday, January 19, 2023, at 6:00 pm.

10.4 Lincoln Athletic Building Exercise Equipment & Bleachers

Two bleacher quotes are attached. This quote is to replace bleachers in the LAB with portable bleachers (these can be tipped up and wheeled around).

The LAB originally had ten sets of bleachers, eight of which were repurposed outside to provide seating at baseball and softball that was not included in bond funds as those dollars got tight. We can move those sets inside and outside by season, but this is a great time to purchase a better answer for the indoor facility by adding the additional bleachers that can be moved easily as events demand.

The quotes are for ten bleachers, to bring the total in the LAB to 12, allowing us to remedy some of the event issues at track meets by moving additional seating to the event areas.

Recommendation from Athletic Department is the less expensive quote from The Park.

As we've talked about, we've had a disaster of an experience keeping the NordicTrack treadmills and ellipticals functioning. They had a very limited warranty and have failed repeatedly. We had a SE Michigan vendor coming into repair, and now he's telling us that he can't get parts to keep them functional. We haven't had any issues with any of the weight equipment or the mirrored workout stations, but the treadmills, bikes, and ellipticals have been a mess.

Replacement quotes for commercial grade equipment is attached. Four tiers. All include similar equipment.

Full Commercial A - \$42,262.50  
Health club grade equipment - best warranty

Full Commercial B - \$30,099.64  
Step down from the 24 hour health club equipment - Good warranty (10 years frame, 3 years everything else)

Light Commercial A - \$22,271.01  
Value brand - Lesser warranty (10 years frame, 2 years everything else)

Light Commercial B - \$20,365.28  
Very similar to Light Commercial A - Different brand

My advice is to spend the \$30k number and go with the Full Commercial B group. Looks like the best value - by all accounts with this equipment we get 8-10 years of function with minor upkeep.

We may need to talk about a second order in a year or two to keep the workout room attractive to members. We had over \$50k in membership revenue last year, and that number will slip if the room isn't fully functional.

This was presented for information only; Board action will be requested at a subsequent meeting.

10.5 Staff Appreciation

It was moved by LaBombarbe and seconded by Sparks that the Board of Education authorize a bonus of \$750 to employees paid from the general or related funds that are active and in good standing, prorated based on budgeted FTE, and all other full-time staff.

11.2.2 High School Foreign Language Trip Quebec Canada

Students spend much of their high school career learning about different cultures and different countries. They are able to "see" how people live and work in other countries through videos or virtual tours. Few are able to experience this first hand. The trip to Montreal provides the students an opportunity to be just one step away from being completely immersed in the Quebecois way of life. Some of the activities will allow the students to participate fully in re-creating life in the 18<sup>th</sup> century and learn about important historical events that helped shape the present-day nation. The students will also be able to experience many nature walks, enjoying the local foliage and natural land formations. The pinnacle of the journey is the trip down the St. Lawrence Seaway to observe whales in their natural habitat and learn about other local marine life. This experience addresses several of the content standards and benchmarks for Social Studies, Science, Language Arts, World Languages, and Visual and Applied Arts. Board action was requested.

It was moved by LaBombarbe and seconded by Moore that we approve the High School Foreign Language Trip to Quebec Canada as presented.

11.3 Parent Advisory Committee

PAC members will have either "active" voting or "at-large" non-voting status. Active members are recommended by their public school agency for appointment by the WISD Board. Each local district may have two (2) active voting members. Terms of active voting and at-large, non-voting members shall be two (2) years and will be adjusted to reflect an expiration date of July 31. For all contract language please see the attached document. Rob Williams is in the process of confirming Lincoln's representatives and at this time he is recommending Donald Poole II and Kenya Wiedemann. Board action was requested.

It was moved by LaBombarbe and seconded by Bentley that we recommend Donald Poole II and Kenya Wiedemann to represent Lincoln Consolidated Schools as "active" members of the WISD Parent Advisory Committee.

11.4 Office 365 Licensing

Request for additional annual funding to purchase Microsoft A3 licensing and Data Center. We are currently using a deprecated licensing scheme that does not allow us as a district to create additional Microsoft servers, updated versions of Windows, nor Office products. Technology is requesting an additional annual allocation of \$30,000 to fund the licensing structure to update our current agreement with Microsoft.

Lincoln is currently on what's called the A1 Plus license of Office 365 licensing. At the time this was conceived Microsoft enabled schools to obtain this licensing at no cost to the district and provided the ability to use Office 365, Windows 10 Education, and some limited Active Directory services on Microsoft's cloud computing platform called Azure (i.e. Azure AD). We also had a separate Microsoft server license that allowed us to install and use Microsoft Server (2008, 2012, 2016) at will. This gave us the flexibility to create virtual servers as needed to handle various tasks: file transfers, backups, print servers, etc.

Since then the server license agreement has expired and A1 Plus is no longer supported. Microsoft warned us in a call that the free tier that we are on may turn off in the near future, preventing staff in the district from access our MS Office suite. In addition, technology does not have the ability to choose what version of microsoft windows we can install but are dependent upon what we already have created (i.e. Windows 10 Education). Our current situation is such that we are working on unpredictable licensing platform without flexibility to adjust and meet our needs.

By moving to the A3 licensing structure we are adopting the "subscription" model in that it will be an annual cost but will also give us access to the latest versions Microsoft has to offer for Windows, Office, and Azure (cloud). In addition we will have access to a whole new suite of Windows device and fleet management that we have never had. This will allow for better oversight and control of our devices in the long run and provide technology with the tools to better provision and manage our fleet.

With the licensing being annual we can choose to renew or not renew each year. Microsoft does offer "standalone" licensing but we would be effectively paying less overall but also receiving less. The cost of the individual pieces would definitely be more expensive and thus by going to a standalone license we would focus on server, windows, office, and selective management tools.

Here are the two proposals for the Board's consideration. Technology's recommendation is to move to A3. Despite the greater cost it will be a more stable platform to build upon as we continue to increase our reliance upon technology in the district.

[Proposal 1: A3 Annual Subscription ~ \\$30,000](#)

[Proposal 2: 5 year limited license ~ \\$17,000](#)

Board action was requested.

It was moved by LaBombarbe and seconded by Sparks that we approve proposal 1: A3 Annual Subscription in the amount of \$30,000 to purchase Office 365 Licensing as presented.

#### 11.5 Enviro-Clean Contract

In January of 2021 the committee recommended to the Superintendent and Board of Education to move forward with the proposal from Enviro-Clean for a two-year contract with a service review 6 months prior to the 2nd year contract expiration on June 30, 2023. After a review in service, it is recommended that the board of education have the Superintendent and/or designee(s) negotiate an extension to the contract and provide its recommendation to the Board of Education for approval.

The District negotiated an extension of the EnviroClean contract to June 30, 2023 in the Spring of 2021. The extension provided the District the authority to extend the contract for one additional year with a service review on or before December 31, 2022. EnviroClean has prepared two proposals: 1) One year extension, and 2) Three year extension. The price proposals are included in the Board Packet.

The District also prioritized a more formal Custodial Services Agreement than the extensions executed in 2019 and 2021. The District negotiated a successor Custodial Services Agreement which serves as an "Amended and Restated Custodial Services Agreement" which identifies the terms and conditions of the relationship and is attached for review of the Board. Board action was requestd.

It was moved by LaBombarbe and seconded by Bentley that to extend the Enviro-Clean Contract by 3 years based on the proposal presented in conjunction with execution of the Amended and Restated Contract in the form presented.

Dear Superintendent Jansen,

Washtenaw County wishes to amend the contract with your agency. Corporation Counsel has indicated that this amendment could be accomplished by a letter signed by both of us. If this amendment is agreeable to you, please sign and return all copies of this letter. You will receive an executed copy of this letter upon completion.

Accordingly, I hereby amend the Service Contract between Washtenaw County and Lincoln Consolidated Schools dated January 1, 2012 as follows:

Amend ARTICLE II – COMPENSATION AND OVERTIME to extend the contract as follows:

“The price for a PSU is fixed as follows: (1) \$150,594.00 per PSU for 2012; (2) \$152,100.00 per PSU for 2013; (3) \$153,621.00 per PSU for 2014; (4) \$155,157.00 per PSU for 2015; (5) \$156,709.00 per PSU for 2016; (6) \$158,276.00 per PSU for 2017, (7) \$160,650.00 per PSU for 2018 (8) \$160,650.00 per PSU for 2019, (9) \$160,650.00 per PSU for 2020; (10) \$163,060.00 per PSU for 2021; and (11) \$165,506.00 per PSU for 2022. Since 2019, the cost for a PSU has been subsidized by the Public Safety and Mental Health Millage. Starting in 2023, that subsidy will be enumerated as follows: The full cost is (12) \$208,220.00 per PSU for 2023 with a price of \$170,471; (13) \$219,670.00 per PSU for 2024 with a price of \$177,290; (14) \$231,692.00 per PSU for 2025 with a price of \$184,825; and (15) \$244,315.00 per PSU for 2026 with a price of \$192,680.”

“Since 2014, the County reserves the right to adjust these prices as a result of significant unforeseen cost increases in line items contained the Direct Cost categories (Salary, Fringe, Uniform Allowance, Gun Allowance and Fleet). The county and Sheriff shall give each Contracting Partner six (6) months written notice of any such increase.”

Amend ARTICLE V – TERM to extend the contract as follows:

“The term of this contract shall be for one hundred sixty-eight months with an effective date of January 1, 2012 and ending on December 31, 2026.”

All other terms and conditions remain the same as in the original contract.

Topic of Agenda Item: (Be specific)

New Course Proposals for the High School - [Explorations in Data Science](#) and [9th grade Fitness and Health](#)

Both courses were brought to the Curriculum Leaders by high school teachers. The Curriculum Leaders reviewed the course proposals, sent them both back requesting clarification/modifications, and reviewed them again. Based on what the Curriculum Leaders observed in the revised proposals, they were approved.

For Explorations in Data Science, this course will introduce students to the main ideas in data science through tools such as Google Sheets, Python, Data Commons and Tableau. Students will engage in project-based units in order to develop their understanding of data analysis, sampling, correlation/causation, bias and uncertainty, probability, modeling with data, making and evaluating data-based arguments, and other data applications there is already a Forensic Science I course and there are students interested in continuing this study of science.

For 9th grade Fitness, this course will be taught in the classroom and the gymnasium and/or weight room throughout two terms. This course is a combination of fitness and health concepts into one integrated class. Health curriculum will be taught in the classroom setting and will include: Career Planning, CPR, Human Sexuality, Goal Setting/Decision Making, Substance Abuse, and Nutrition along with other health related concepts. Students will participate in fitness activities in the gymnasium, including cardiovascular exercises, strength training, and sport activities.

Background Data: (To assist in writing corresponding explanatory notes)

#### Explorations in Data Science:

- This course is designed to provide an additional senior math course option and could be paired with the financial literacy course that will be a requirement for graduation
- The course would start the 23-24 school year pending interests, staffing, etc..
- Course is a semester long course for seniors that have completed Algebra 2 or are taking it concurrently
- No additional FTE is needed at this time
- There is no cost for this course. We already have the existing hardware and software to run it

#### 9th Grade Fitness and Health:

- The purpose of high school PE is to teach the necessary skills needed in order to maintain a healthy lifestyle. By combining and teaching the correct ways in moving our bodies and the health concepts related to it, our students will be better educated and skilled when performing basic physical activity. PE will no longer be a sport specific class, but a shift to lifetime fitness, strength and speed, and agility flexibility development. The point of this course is to emphasize the importance of physical activity and health. Making this a Freshman class will validate the importance of health and why it needs to start their Freshman year.

- The course would start the 23-24 school year pending interests, staffing, etc..
- Course is a year long course for freshman
- One additional FTE is needed at this time
- There is no cost for this course with the exception of the additional FTE

Desired Board Action: \_\_\_\_\_ Informational only \_\_\_\_\_ x Board action required \_\_\_\_\_

***Please keep in mind that in most circumstances, Board policy calls for a two-meeting review of all agenda items requiring action. Incomplete information could result in additional delays.***

---

---

Expected Measurable Program or Change Outcomes/Goals: To give every student the necessary skills provided to live and maintain a healthy lifestyle outside of school.

---

---

What assessments will be used to measure program goals?

TeamBuildr app (Already used in weight training) Will help track the progression in each class. By using this app the assessments will be kept by the progression of weight added and improved upon. Keep the Michigan Model of Health for the Health sections. Projects and Unit Tests will be used for assessments for the Health portion of class. Here is a link to the Health folder which holds a number of different assessments we use. [FOLDER](#)

---

---

*Appendix A - Page 3*

What is the need/problem this course/project/program or change will attempt to satisfy?

That we officially make PE and Health a desired course in order to give the skills necessary to live a healthy life.

---

---

Describe the program in detail including goals, objectives, targeted students, and number of students to be served.

The Health section of the program will be kept the same. We use the Michigan Model of Health for our curriculum. The PE portion of the class is to teach every student the basic fundamentals of body movements. (The correct way to run, squat, lift, throw, etc.). This will help keep students injury free

while giving them a chance to be active during school. We would target every 9th grade student and would serve every student as you must take this class in order to graduate. The goals would be to have a complete understanding of: Career Planning, CPR, Human Sexuality, Goal Setting/Decision Making, Substance Abuse, Nutrition, Weight training, agility and flexibility.

**Commented [3]:** This wording does not reflect the level of mastery used in either the Michigan Model of Health or PE standards and may create an undue burden on the instructor. I understand this document to serve as a general overview, so it can be reworked in later versions if it is deemed necessary in the instructor's professional opinion. I might not be the best person to advise.

Cite supporting research and data as to why this program will be successful (if available).

Schools such as Chelsea, Saline, Dexter and Ann Arbor have utilized this approach by combining Health and PE into one class. Students will be engaged more in the classroom and will understand the aspect of a healthy lifestyle. After speaking with Adam Taylor the (PE/Strength coach) at Chelsea, it didn't take much time at all for the students to be engaged in this course. With a set structure everyday for this course, students were able to walk into class and know exactly what they are during weeks ahead of time. Structure is key with this course.

**Commented [4]:** This course appears to check a lot of boxes including best practices, graduation requirements and staffing concerns. Above all, it will get our students moving throughout the day. It groups a lot of activities and learning targets into one course. Yet, this does appear to be workable in some fashion in other districts. I would like to suggest that the course include the Social and Emotional Health component to the extent it is covered in the Michigan Model of Health.

Explain other resources involved or required, i.e. staff, administration, building, fiscal, community, etc.:

PE and Health teachers.

**Commented [5]:** Overall the approach and goal of this course looks fine to me. I was wondering if we can plan a field trip to our local resources Uof M, WCC etc. where student can see the possible career in health related fields, impact of drug abuse etc by visiting their health facilities/museums etc. OR invite a guest speaker as a part of the course.  
Thanks,

---

*Appendix A - Page 3*

What is the need/problem this course/project/program or change will attempt to satisfy?

The state of Michigan now requires students to take a math course during their senior year of high school and also requires a one-semester Financial Literacy credit. This course will provide seniors with another semester-long math course to pair with Financial Literacy.

---

Describe the program in detail including goals, objectives, targeted students, and number of students to be served.

This course will introduce students to the main ideas in data science and develop their understanding of data analysis, sampling, correlation/causation, bias and uncertainty, probability, modeling with data, making and evaluating data-based arguments, and other data applications.

The course is intended to pair with a one semester Financial Literacy course, and is for students who are not studying Precalculus, Statistics or AP Calculus as Seniors. Anticipate 100 seniors participating.

---

Cite supporting research and data as to why this program will be successful (if available).

The course was developed at Stanford University and is used in California as a substitute for Algebra 2. It is designed to engage students in explorations of the data filled world in which we live through project based explorations of real world data. A strong early foundation in data science provides students with a variety of skills that can be used for future studies in statistics, computer science, or mathematics as well as to help navigate our data rich world.

---

Explain other resources involved or required, i.e. staff, administration, building, fiscal, community, etc.:

Software Requirements for EDS-YAC

- CODAP - no login, web-based.

Go to <https://codap.concord.org/>, then click “Try CODAP” in the upper right hand corner.

- Google Sheets - Google account (alternative - excel, paid/no login), web-based
- Google Colab - Google account, web-based (alternative - Kaggle set up for units 2 & 4 or Jupyter Notebooks, non-google, web-based- requires own set up). This describes how administrators can turn on access for students to Google Colab. Here is an example Google Colab permission letter that you could adapt for your district. (Make a copy here.)
- Google Data Commons - Add-on in google sheets.

Info on how to add Data Commons to Google Sheets

- EduBlocks - login with google account
- Tableau - login required (free education account - must be requested), web-based or downloadable (we are designing around the less-powerful web-based version since it will be more widely accessible)

For this course we will be using the online version of Tableau called Tableau Cloud. You can find information on how to request access to Tableau Cloud [here](#). Tableau Cloud will allow you to provide your students access to Tableau without needing individual student licenses. Tableau will require you to upload documentation that clearly shows your name and your specific affiliation. The process may take up to a few days. You will want to do this in advance of teaching unit 3.

Here is additional information about Tableau Cloud.

Note about devices: We are creating a curriculum that does not require downloading software or applications because of the wide use of chromebooks. If your devices allow for downloading there are alternatives for each program used in the curriculum.

Explanatory Notes for General Fund Budget Amendment  
December 2022 Amendment  
For the Year Ending June 30, 2023

**Revenue**

<b>Property taxes</b>	Change due to increased property tax value from May of 2022 to November 2022
<b>State sources</b>	Change due to increase of UAAL and state grants (31aa and Security). There was also a decrease of At-risk budgeted expenditures, therefore a decrease in At-risk revenues
<b>Federal sources</b>	Decrease due to ESSER II being exhausted in the prior year
<b>Inter-district sources</b>	Act 18 and Medicaid revenue both came in higher than budgeted

**Expenditures**

<b>Payroll Related Changes</b>	<ul style="list-style-type: none"><li>- Main change is an increase of UAAL costs (passed through the State of Michigan to ORS) of \$419,000</li><li>- District currently carries roughly \$700k of vacant positions. As the year goes on and if these positions are not filled, we will continue to decrease this number</li></ul>
<b>Non-payroll Changes</b>	<ul style="list-style-type: none"><li>- \$372,000 for the security infrastructure grant</li><li>- \$372,000 for 31aa per pupil mental health grant</li><li>- \$60,000 for general maintenace increases</li><li>- \$20,000 for HVAC maintenace in the high school</li><li>- \$20,000 increase for major repairs</li><li>- \$184,000 for projects in buildings and around the District</li><li>- \$132,000 for gas and electric utility increases</li><li>- \$(136,000) of buses not being paid for in the current year</li><li>- \$167,000 increase for cabbing costs</li><li>- \$112,000 for contracted/purchased/software for HR (Broadspire), Tech (Microsoft, Fiber network, Anti-virus software), BOE (Battel for kids, IEI)</li></ul>

**TERMS & CONDITIONS**

**SHIPPING:**

All merchandise is sold F.O.B. Deliveries are made during normal business hours, 8am - 4pm Monday - Friday. Unless otherwise noted, shipping charges include standard delivery only. Standard shipping charges are for Tailgate delivery to any commercial location on a commercial truck route; the truck driver is under no obligation to help you unload. If you are unable to accept a shipment via this method, you must purchase additional services.

- Additional Services - Residential Delivery, Limited Access Delivery, Construction Site Delivery, Liftgate Service, Inside Delivery, Notify Before Delivery.
- Service Discrepancies - If there is a discrepancy in the services requested and the minimum services required to deliver the product, The Park Catalog reserves the right to charge the customer for any necessary additional services provided at the time of delivery.
- Inspection of Shipments - It is the customer's responsibility to inspect all deliveries for possible damage, correct quantities and to note any discrepancies on the freight bill PRIOR to signing the delivery receipt provided by the driver. All claims MUST be recorded on the delivery receipt and reported within 48 hours of delivery. The Park Catalog does NOT GUARANTEE replacement parts or products FREE of charge due to concealed or unreported damages.
- Assembly May Be Required - Many of our products are shipped unassembled in order to minimize damage and lower freight charges.

**CANCELLATIONS:**

All cancellations must be done prior to shipping. Made-to-Order items already in production may not be cancelled.

**RETURNS:**

We will accept returns of unused products, up to 30 days from the shipping date, subject to ALL of the following terms and conditions:

- Approval - Written approval and instructions must be issued by our Customer Service Department before any merchandise can be returned.
- Shipping Returns - All merchandise must be returned in its original packaging, freight Prepaid. No Collect shipments are accepted.
- Re-Stocking & Shipping Fees - The customer is responsible for a minimum 25% re-stocking fee and all related shipping charges on product returned for reasons other than damage or defect. Original shipping charges will not be refunded.
- Web-Orders - For online orders, The Park Catalog is not responsible if the customer orders incorrect product or colors. All return and restock fees apply.
- Made-to-Order or Personalized - These items are not returnable unless a defect in manufacturing is presented to us with pictures prior to return.

• Force Majeure: No Party to this Agreement shall be responsible for any delays or failure to perform any obligation under this Agreement due to acts of God, outbreaks, epidemic/pandemic or the spreading of disease or contagion strikes or other disturbances, including, without limitation, war, insurrection, embargoes, governmental restrictions, acts of governments or governmental authorities, and any other cause beyond the control of such party. During an event of force majeure, the Parties' duty to perform obligations shall be suspended.

RIDE AS ONE

## SCHWINN Z BIKES

Powered by personalized zones, accountability and an instructor who will push riders to be their best, the Z Bikes were designed for studios that focus on unifying their members with color. The configurable console allows for your instructor to design the class around FTP, Heart Rate, or Cadence for an experience that is never the same twice.

### SUSTAINABILITY

#### SAY NO TO STYROFOAM

Creating positive impact through thoughtful action. In order to reduce our packaging's negative influence on marine life and waterways, we have replaced expanded polystyrene (EPS) with 100% recycled corrugate, which can be recycled again to also use less raw material. Look for ways to reduce your disposal fees and environmental impact with recycling!

#### CUSTOMIZATION

We know what it takes to build an authentic, meaningful brand experience. Our customization program is the perfect way to leverage all that hard work into creating an amazing group cycle experience. Whether your goal is creating a tranquil place to unwind or a high-energy disco ball clad club scene, our consultative approach will get you there.

# PRODUCT WARRANTY MATRIX

Each Core Health & Fitness product will carry its own limited warranty as set forth on the Official Core Health & Fitness website. Such warranty will be buyer's sole and exclusive remedy for any breach of warranty. Core Health & Fitness disclaims all other warranties expressed or implied or statutory, including any warranty of merchantability, any warranty of fitness for a particular purpose and any implied warranties arising from a course of dealing or usage of trade. This warranty supersedes all other warranties, including any warranties based on oral representations. This warranty extends only to the original end user customer and is not transferable. This warranty does not cover defects caused by negligence; improper maintenance; improper storage; misuse; installation not in accordance with Core Health & Fitness' printed instructions; abuse; normal wear and tear; contact with liquids; application other than intended use; or installation of unapproved third party products. Core Health & Fitness' sole liability under this or any other warranty expressed or implied is limited to repair or replacement or refund as determined solely by Core Health & Fitness. Repair, replacement or refund as determined solely by Core Health and Fitness will be the sole and exclusive remedies for breach of warranty or any other legal theory including theories for the recovery of consequential or incidental damages. Some states do not allow the exclusion or limitation of incidental and consequential damages, so the above limitation may not apply.

## AC™ SPORT 7340

Meet your next workhorse. The AC Sport features a steel frame, Carbon Blue toothed belt for an authentic feel, plus adjustable saddle and handlebar fore and aft sliders. It's a product of input from the world's best cycling instructors and fitness buyers and is ideal for high use studios because it is built to last.

### CARBON BLUE DRIVE SYSTEM

The CARBON BLUE BELT replicates the feel of a traditional chain drive giving the rider an authentic outdoor experience. The belt never requires lubrication, tension never needs to be adjusted and the carbon fiber reinforcement is incredibly durable. Our 10 Year Warranty is the longest of any belt or chain on the market.

### INNOVATIVE AND POWERFUL

Schwinn's Echelon2 consoles utilize direct or estimated power and can be connected to a group display or leaderboard system via ANT+.

Each Core Health & Fitness product will carry its own limited warranty as set forth on the Official Core Health & Fitness website. Such warranty will be buyer's sole and exclusive remedy for any breach of warranty. Core Health & Fitness disclaims all other warranties expressed or implied or statutory, including any warranty of merchantability, any warranty of fitness for a particular purpose and any implied warranties arising from a course of dealing or usage of trade. This warranty supersedes all other warranties, including any warranties based on oral representations. This warranty extends only to the original end user customer and is not transferable. This warranty does not cover defects caused by negligence; improper maintenance; improper storage; misuse; installation not in accordance with Core Health & Fitness' printed instructions; abuse; normal wear and tear; contact with liquids; application other than intended use; or installation of unapproved third party products. Core Health & Fitness' sole liability under this or any other warranty expressed or implied is limited to repair or replacement or refund as determined solely by Core Health & Fitness. Repair, replacement or refund as determined solely by Core Health and Fitness will be the sole and exclusive remedies for breach of warranty or any other legal theory including theories for the recovery of consequential or incidental damages. Some states do not allow the exclusion or limitation of incidental and consequential damages, so the above limitation may not apply.
